Month		Task
2011	October	Holiday
	November	Time needed to reissue passport and get new visa stamp + Adding needed libraries to the RJ-Glue.
	December	Designing and implementing new benchmarks.
2012	January	Paper submission on MORL RL-Glue.
	February	Weighted Sum Scalarisation. Implementation and development.
	March	Thresholded Lexicographic Ordering. Implementation and development.
	April	Inverse Scalarisation. Implementation and development
	May	Offset Lexicographic Ordering. Implementation and development.
	June	Fuzzy-logic action selection. Implementation and development.
	July	W-learning. Implementation and development.
	August	Paper submission. Comparison of temporal-difference learning algorithms.
	September	Holiday
	October, November	Convex Hull Value Iteration. Implementation and development.
	December	Importance Sampling. Implementation and development.
2013	January	
	February	Paper submission. Comparison of multi-policy learning algorithms.
	March	Paper submission.
	April	Work on thesis.
	May	
	June
